Assignment 1		Assignment 3	
Introduction to Commercial Property Underwriting	1.1	Evaluating Occupancy	3.1
Commercial Property Loss Exposures	1.3	Occupancy Hazards Rating Factors	3.3
Common Policy Formats	1.8	Common and Special Hazards	3.7
Package Policy Underwriting	1.12	Occupancy Categories and Hazards Factors	3.8
Commercial Property Provisions Affecting the Amount of Loss—Underwriting Considerations	1.17	Habitational Occupancy Underwriting Considerations	3.9
Verifying Property Values	1.22	Office Occupancy Underwriting Considerations	3.14
Measures of Potential Loss Severity	1.24	Institutional Occupancy Underwriting Considerations	3.17
Management and Financial Condition of a Business	1.29	Mercantile Occupancy Underwriting Considerations	3.20
Summary	1.31	Service Industry Occupancy Underwriting Considerations	3.24
Assignment 2		Manufacturing Occupancy Underwriting Considerations	3.28
Evaluating Construction	2.1	Analyzing Occupancy Hazards: Case Studies	3.36
COPE Elements	2.3	Summary	3.44
Fire Resistance and Flame Spread	2.4	Assignment 4	
Components of Structural Strength	2.8	Evaluating Protection and External Exposure	4.1
Building Construction Classifications	2.9	Elements of Fire Protection	4.3
Building Construction Design Underwriting Considerations	2.20	Public Fire Protection Services	4.4
Building Construction Material Underwriting Considerations	2.27	Public Fire Protection Classifications	4.7
Building Age Underwriting Considerations	2.30	Private Fire Prevention Elements	4.11
Sources of Construction Information	2.34	Private Fire Prevention—Risk Control Programs	4.16
Summary	2.39	Private Fire Detection Systems	4.18
		Private Fire Suppression Systems	4.22

External Exposure Underwriting Considerations	4.29	Underwriting Sprinkler Leakage and Water Damage	6.45
Summary	4.37	Underwriting Collapse Loss Exposures	6.49
Assignment 5		Summary	6.52
Underwriting Fire	5.1	Assignment 7	
Fire and Its Components	5.3	Underwriting Business Income	7.1
Heat Sources	5.4	Business Income Loss Exposures	7.3
Fuel Material Characteristics	5.12	Factors That Affect the Amount of Business Income Losses	7.9
Role of Oxygen in Combustion	5.17	Estimating Probable Maximum Loss of Business Income	7.13
Spread of Fire	5.20	Factors That Influence the Maximum Period of Restoration	7.18
Damage to Property Caused by Fire	5.25	Factors That Influence the Maximum Loss During the Period of Restoration	7.26
Underwriting Wildfire Loss Exposures	5.27	Insurance to Value for Business Income Coverage	7.31
Summary	5.33	Determining Appropriate Coinsurance and Coverage Limits for Business Income	7.33
Assignment 6		Business Income Optional Coverages—Underwriting Considerations	7.39
Underwriting Other Direct Causes of Loss	6.1	Business Income Forms and Endorsements—Underwriting Considerations	7.42
Underwriting Other Causes of Loss Overview	6.3	Business Income Consequential Loss Exposure Underwriting Considerations	7.47
Underwriting Considerations for Lightning Loss Exposures	6.5	Summary	7.50
Underwriting Windstorm and Hail	6.6		
Measuring Windstorm Hazards	6.14		
Underwriting Flood Loss Exposures	6.19		
Underwriting Riot, Civil Commotion, and Terrorism	6.23		
Underwriting Vandalism Loss Exposures	6.25		
Underwriting Explosion Loss Exposures	6.27		
Underwriting Sinkhole Collapse and Mine Subsidence	6.36		
Underwriting Earthquake Loss Exposures	6.37		
Underwriting Volcanic Action Loss Exposures	6.44
